PROFILE

Computer Science undergraduate at the University of Westminster with a strong interest in software engineering, web development, cybersecurity and emerging technologies. Experienced in developing practical software solutions using Python, Java, JavaScript, Flutter, Node.js and databases. Alongside technical studies, I have developed experience in digital marketing, entrepreneurship, client communication, event promotion and community leadership. I combine technology, creativity and leadership to deliver practical results across technical and non-technical environments.

EDUCATION

BSc (Hons) Computer Science
University of Westminster, UK | via Informatics Institute of Technology (IIT) | 2024 – 2028

Diploma in Computer Software Engineering
Institute of Computer Engineering Technology (iCET) | 2024

G.C.E. Advanced Level – Physical Sciences
Taxila Central College | 2020 – 2022

G.C.E. Ordinary Level
Taxila Central College | 2018 – 2019

TECHNICAL SKILLS

Programming: Python, Java, JavaScript, Dart

Web Development: HTML5, CSS3, JavaScript, React.js

Backend Development: Node.js, Express.js, REST APIs

Mobile Development: Flutter

Databases: MySQL, MongoDB

Tools: Git, GitHub, VS Code, Canva

Interests: Cybersecurity, Algorithms, Artificial Intelligence, Software Engineering, Digital Systems

PROFESSIONAL EXPERIENCE

Insurance Specialist
Sri Lanka Insurance Corporation Life Limited | Aug 2024 – Present

- Provide guidance on life and health insurance solutions based on individual client requirements.
- Build and maintain long-term client relationships through professional communication and personalised service.
- Develop skills in negotiation, needs analysis and client relationship management.

Licensed Insurance Agent
Sri Lanka Insurance Corporation General Limited | Aug 2024 – May 2026

- Advised individuals and businesses on suitable insurance solutions and managed client requirements.
- Handled policy-related communication, follow-ups and customer engagement.
- Communicated financial and technical information clearly to clients.
