ABOUT ME

Computer Science undergraduate at the University of Westminster with a strong interest in software engineering, web development, cybersecurity and emerging technologies. Experienced in developing practical software solutions using Python, Java, JavaScript, Flutter, Node.js and databases.

Alongside technical studies, I have developed experience in digital marketing, entrepreneurship, client communication, event promotion and community leadership. I combine technology, creativity and leadership to deliver practical results across technical and non-technical environments.

EDUCATION

BSc (Hons) Computer Science
University of Westminster, UK | via Informatics Institute of Technology (IIT) | 2024 – 2028

Diploma in Computer Software Engineering
Institute of Computer Engineering Technology (iCET) | 2024

G.C.E. Advanced Level – Physical Sciences
Taxila Central College | 2020 – 2022

G.C.E. Ordinary Level
Taxila Central College | 2018 – 2019

PROFESSIONAL EXPERIENCE

Social Media Manager & Digital Strategy Consultant
Star Gate Events | Aug 2024 – Aug 2026

- Managed social media, digital marketing and event promotions, enhancing brand visibility and audience engagement, including Thambapanni Colombo Night.
- Developed client websites, advised on business strategies and digital growth, and delivered tailored digital solutions aligned with client objectives.

Licensed Insurance Agent
Sri Lanka Insurance Corporation | Aug 2023 – Dec 2025

- Recommended suitable life, health and general insurance solutions to individuals and businesses based on their needs and financial protection requirements.
- Maintained client relationships through professional communication, policy coordination, follow-ups and effective negotiation.

Research Intern
National Building Research Organisation (NBRO) | Jan 2023 – May 2023

- Assisted with field-based research activities, including data collection, analysis and geographic mapping to support research projects.
- Collaborated with research staff on field assignments, data documentation and research-related tasks while gaining practical experience in research methodologies and teamwork.

TECHNICAL SKILLS

Programming - Python, Java, JavaScript, Dart
Web Development - HTML5, CSS3, JavaScript, React.js
Backend Development - Node.js, Express.js, REST APIs
Mobile Development - Flutter
Databases - MySQL, MongoDB
Tools - Git, GitHub, VS Code, Canva

SELECTED PROJECTS

CollabCore – AI-Powered Team Formation & Project Management Platform
2026 | React.js, Next.js, Node.js, Express.js, MongoDB, FastAPI, Python

- Developed an AI-assisted university project management platform featuring intelligent team formation, skill-based project allocation, task recommendations, workload balancing and role-based dashboards to improve collaboration and project management.

Govi Sahaya – Smart Agriculture Mobile Application
2025 | Flutter, Node.js, Express.js, MongoDB, Firebase, Machine Learning

- Developed a mobile platform aimed at supporting Sri Lankan farmers. Implemented mobile functionality, backend services and data management while exploring AI-assisted features.

Online Gift Store – E-Commerce Website
2025 | HTML5, CSS3, JavaScript

- Developed a responsive e-commerce website for customised gift products, focusing on usability, accessibility and interactive product features.

Task Manager Application
2025 | Python, Tkinter, JSON/TXT, OOP

- Developed a desktop task-management application with task creation, editing, deletion, sorting and persistent local storage.

LEADERSHIP & EXTRA-CURRICULAR EXPERIENCE

President Scout & Scout Trainer - Taxila Scout Group | 2014 – 2024
Assistant Secretary - Leo Club of Pannipitiya Paradise | 2024 – Present
Deputy Head Prefect & P.P.A.Organizer - Taxila Central College | 2023 - 2025
Volunteer - IEEE Computer Society of IIT | 2026

ACHIEVEMENTS & RECOGNITION

Top 10 Finalist – CIPHER 2.0, IET on Campus IIT
Article of the Month – June 2026, IEEE Computer Society Student Branch Chapter of IIT
Major Lasantha Ravin Rodrigo Memorial Award – Taxila Central College.

CERTIFICATIONS

Google AI Essentials – Google Cloud Skills Boost
Advanced Python, Python Data Analysis – LinkedIn Learning
Programming in Python - University of Moratuwa (CODL)
Prompt Engineering – LinkedIn Learning
Cybersecurity Terminology – LinkedIn Learning
Blockchain Development - Algorand Foundation

PROFESSIONAL SKILLS

Leadership & Team Management
Communication & Public Speaking
Problem-Solving & Critical Thinking
Teamwork & Collaboration
Digital Marketing & Content Strategy
Adaptability & Continuous Learning

LANGUAGES

Sinhala - Native | English - Professional Working Proficiency
